GENERAL INFORMATION

Paying the annual flat rate fuel tax for the vehicles identified on the Supplemental Vehicle List will entitle you to purchase alternative fuels [liquefied petroleum gas (LPG), liquid natural gas (LNG), compressed natural gas (CNG)] for those vehicles without paying use fuel tax to vendors. To qualify for payment of the annual flat rate tax, the user must have a Use Fuel Tax Permit and complete this form. Upon receipt of payment of the required fee, the Board of Equalization (BOE) will issue a decal, BOE-511, *Use Fuel Flat Rate Identification Decal*, for each qualified vehicle.

DECAL MAY NOT BE TRANSFERRED TO ANOTHER VEHICLE

The fees and/or the decals may not be transferred to another vehicle, and no portion of the fee may be refunded. The decal identifies the vehicle for the purpose of purchasing alternative fuels from vendors without payment of the use fuel tax.

FILING REQUIREMENTS

Flat rate fuel decals are issued for 12-month periods beginning with the same **starting month** as the Use Fuel Tax account, and are renewable by that month of the following year. For example, if the starting month of the account is "March," the 12-month period for which a decal is issued begins in March and ends in February of the following year. For vehicles added partway through the 12-month period, BOE-512-AD, *Request for Additional Annual Flat Rate Decals*, must be completed. You may request this form by visiting our website at www.boe.ca.gov, or by contacting the Taxpayer Information Section at 1-800-400-7115 (TTY:711).

Read instructions on reverse before preparing this form.
